INDUSTRIAL EQUIPMENTS & SPARE PARTS SERVICE

SERVICE + TRUST

At PROODES we are always willing to help you to reach your goals.

Trust your equipment requirements, components and spare parts to our highly qualified team and use our experience to its execution.

ABOUT US

PROODES SpA: We specialize in providing solutions, supplying technical equipment, components and spare parts in time for anywhere in the world.

We work at the forefront of Management of Industrial Requirements

(MIR), through our know-how, networks business strategic and research expertise. This allows us to deliver successful solutions to various industrial sectors (generations of energy, mining, forestry and construction, among others).

The optimization of our delivery processes are the result of intense communication between manufacturers and suppliers, which is reflected in our effective logistics system that allows us to supply

spare parts in minimal time.

As a Company that operates on an international scale, we put special emphasis on compliance with the most demanding criteria and offer an extraordinary price/quality.

At PROODES we are always willing to help you in achieving your goals, fulfilling expectations and allowing you to save time and money.

Are you interested in a equipment or specific component and other products in our database that includes thousands of products? Or are you thinking about upgrading your equipment or having to perform unscheduled reparation? We will contact you immediately. Just send us an order of the spare parts that you need. We will take care of the rest!

VISIÓN

To be the Chilean leader Company that provides you solutions to your industrial requirements through our strategic commercial networks and inquire expertise.

MISIÓN

We are a Company that delivers industrial solutions through our know-how and efficient logistic systems.

Our team builds out a reliable and simple way to manage the requirements of our customers. We permanently look for providing you an excellence service through our efficient and high quality operation which allows us to generate surpluses to achieve our long-term obligations.

OUR VALUE **COMMITMENT**

The competence and reliability of our team are the foundation of an excellent customer service. We work daily with a continuing effort to improve, putting maximum effort. The total satisfaction of our customers is our prime objective and our daily encouragement.

- High quality spare parts to your equipment from different manufacturers.
- Quick presentation of quotation reports.
- Original spare parts or alternatives (previously informed to our customer).
- Reduced delivery times
- To supply of obsolete requirements or difficult location (rebels).
- Competitive prices.

SERVICES

JUST IN TIME

-  Would you like to acquire complete industrial parts, technical equipment, spare parts or machinery?
-  Or are you thinking about upgrading your equipment or having to perform unscheduled repairation?
-  Maybe even knowing the manufacturer but there is some language barrier between you, or your question will not be answered because it is only a small spare?

Trust your equipment requirements, components and spare parts to our highly qualified team and use our experience to his execution.

HERE WE HAVE A SELECTION OF OUR MAIN SUPPLY PRODUCTS

Gear boxes for diesel engines and electric motors as well as repair kits

Squirrel-cage motors

Generators

Spare parts for gear wheels, adapters and connectors, bearings

Turbochargers along with spare parts

Hydraulics and pneumatics

Compressors

Pumps along with spare parts

Spare parts for gears

Turbines

Pistons

Electronic instrumentation and control equipment, measuring devices

Printing press spare parts

Spare parts for radars and radios

Transistors, valves, electromagnets, capacitors, seals

Ship wiring and industrial cables, ship chains

Batteries and accessories

Tools, precision tools and scales

Saws, saw blades and blades

Electronic parts and components

Sensors

Ship spare parts

Switches, pressure switches, pressure sensors, temperature switches

Air conditioning equipment

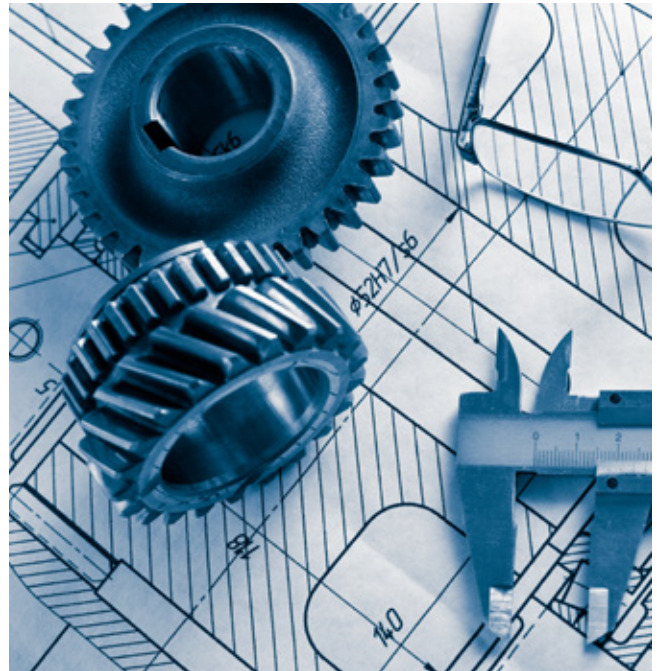

REBEL REQUIREMENTS

- ① Have you devoted too many resources to find equipment and spare parts that you need?
- ② Or maybe you realized that products are discontinued by the manufacturer?
- ③ Don't you have the manuals, data sheets, and code or identification number of the equipment or spare parts?
- ④ Maybe you cannot identify the upgrade, replacement, approval or alternative to your request?

In PROODES we will analyze your requirements individually, investigating and studying the information and literature available to detect the specific spare part and the most appropriate supplier for you.

We will meet your needs and give you exactly what you need.

We carry out field visits also we coordinate the reception of the equipment sample or the spare parts in our offices to gather required information.

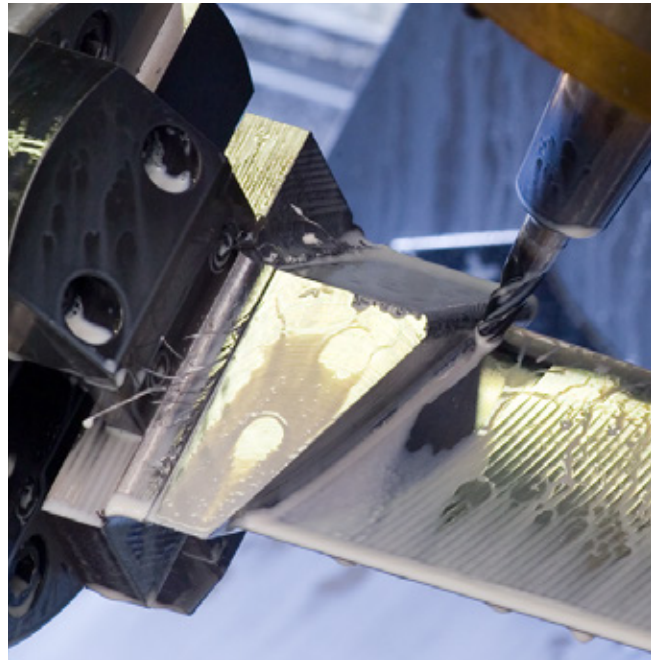

ADVANCED MANUFACTURING

- ① Is your equipment or spare part obsolete, discontinued, without replacement or out of update?
- ② Or maybe the new model of your spare part is not compatible with the original one?

So, are you out of options? Not with us.

So according to this situation and also the complexity of this, we try to identify the right providers for the manufacturing of it. Respecting all the geometrical-technical, characteristics of materiality and also the performance.

OUR CUSTOMERS

WE SUPPLY MANY DIFFERENT INDUSTRIES WITH MANY DIFFERENT PRODUCTS

Thanks to our extensive business network, we can process orders in a quick and flexible way, even if these are unusual or very specific. We know where to get the best price, the best quality and timely delivery.

Below is an extract from our range of supply for different industries. Please, do not hesitate to send us a request according to any product or industry.

ALTERNATIVE ENERGY INDUSTRY

Sensors, valves, linear bearings, measuring systems, gear racks, slides, positioning systems, electronics, automation, connectivity

AUTOMOTIVE INDUSTRY

Modules and patch panels, circuit breakers, gear units, motors, various industrial cables, converters, transmitters, filters, couplings, compressors, electromagnetic parts, relays, fuses, valves, pumps, bearings, power supply, sensors, connectivity.

CEMENT INDUSTRY

Gears, couplings, air compressors, fluid couplings, hydraulic couplings, separators, pumps, propellers, balancing, rotating and reciprocating components.

**CHEMICAL INDUSTRY**

Valves, switches, capacitors, modules, pumps, heaters, coolers and heat exchangers, safety circuits, capacitors, gears, couplings, gaskets, springs, screws, diaphragms, o-rings, flame electrodes, thermistors, measuring equipment, sensors, light barriers

**FOOD & BEVERAGE INDUSTRY**

Cardan shafts, pressure-regulating equipment, switches, valves, temperature sensors, pumps, gear units, motors, air compressors, fluid couplings, hydraulic couplings

**FOREST INDUSTRY**

Telelogger, forestry excavator, self-loading crane, logging tower, harvester, harvesting head, claw rotors, diesel engine, commands, diesel engine parts, hydraulic pumps, reducers, hydraulic motors, seals, o-rings, solenoid valves, cartridges, coils.

**CONSTRUCTION INDUSTRY**

Excavators, backhoes, wheel loaders, motor graders, asphalt rollers, trenchers, brush cutters, commands, diesel engine parts, hydraulic pumps, reducers, hydraulic motors, seals, o-rings, solenoid valves, cartridges and coils.

**MARITIME INDUSTRY**

Separators, pumps, compressors, propellers, cables, gears and couplings, industrial brakes, clutches, winches, radar parts, electronic parts, transistors, valves, crystals, magnetrons.

OUR CUSTOMERS

MINING, MINERAL & METAL INDUSTRY

Encoders, sensors, web-tension equipment, guiding rails, linkages, winches, turning heads, bushings, converters, amplifiers, expansion joints, power supply modules, connectors, capacitors, lights, switches, turbochargers, filters, valves, couplings, pump membranes, level switches, filter elements, remote controls, protection systems.

OIL & GAS INDUSTRY

Sensors, gears, couplings, air compressors, fluid couplings, hydraulic couplings, valves, vane pumps, flame detectors, gas burners, bushings, motor reducers.

POWER GENERATION INDUSTRY

Acceleration sensors, velocity transducers, vibration switches, proximity transducers, transmitters, valves, heating elements, thermocouples, electrical interconnections, connectivity.

PULP & PAPER INDUSTRY

Valves, gears, couplings, electro-pneumatic positioners, circuit counters, measurement parts, control parts, hydraulic pumps & motors (and their spare parts).

WATER & WASTEWATER INDUSTRY

Solenoid valves, sensors, transmitters, controllers, energy management, electrical interconnections.

SERVICE PARTNERS

WORLDWIDE

**We provide you service partners in all
continents**

**You will have the certainty that we will find
the optimal solution for your needs.**

WE WORK WITH INDUSTRY-LEADING COMPANIES

Below, there are some of the brands that we have provided for different industries. This is only one example of our wide range of products. We can offer many more brands than those referred to in this section. Do not hesitate to send a request according to any other manufacturer.

A

ABB, ABB Automation, ABUS Cranes, Aerzen, AIRTEC Pneumatic, Alfa Laval, Allweiler Pumps, ANAMET, Anton Paar, ARGUS Fluidtechnik, AS-Schneider, ASCO, Emerson, Atlas Copco, ATLAS ELEKTRONIK, atr.

B

BALLUFF sensors worldwide, Baudouin Moteurs, Bauer Gear Motor, BAUER KOMPRESSOREN, Baumer, BELDEN, BELIMO, BENNING, Tebetron, BHS Turbo Gear, Blohm+Voss, BOLLFILTER, Bopp & Reuther, Bran+Luebbe, SPX, BRINKMANN PUMPS, BUCHER Hydraulics, Bürkert Fluid Control Systems.

C

CAMLogic, CAMOZZI Automation, Carl Röntgen, CARLO GAVAZZI, Carlo Gavazzi Automation, CATERPILLAR, CEDASPE, CLESSE NOVACOMET, COLUMBUS MCKINNON, CRANE ChemPharma & Energy, CROUZET, crydom.

D

Danfoss, DAIKIN, DEMAG, DENISON Hydraulics, Cranes & Components, DESCH, Smart Drive Solutions, DEUTZ, DIMATEC, DUESTERLOH.

E

EATON, EATON Klöckner Moeller, ebmpapst, elster Kromschröder, EMERSON, EMG Automation, Endress + Hauser, eupec, EWD.

F

f.u.n.k.e. AVIONICS, FAG, FAULHABER, FESTO, finder, FOME, FRIEDRICHS, FILTER-SYSTEMS, Frost Europe.

G

GE Sensing & Inspection Technologies, GEA Westfalia Separator, GEDORE, GESSMANN, GKN Driveline, GKN Stromag, Glamox Aquasignal, GMN, Göckel, GOSS INTERNATIONAL, GRAESSNER, GreCon, GRUNDFOS.

H

habasit rossi, HACH, HARTING, HATLAPA Marine Equipment, HAWE Hydraulik, HAZEMAG, Hegwein, HEIDELBERG, HEIDENHAIN, HELIOS-PREISSER, HELUKABEL, HENGSTLER, HIRSCHMANN, A BELDEN BRAND, hohner, Elektrotechnik Werne, Honeywell, HYDAC ifm.

I

ifm electronic, igus, INA, INFICON, infineon, Itowa.

J

Johnson Controls, JOTRON, julabo, JUMO, JUNGHEINRICH.

K

KBA Koenig & Bauer Group, KELVIN HUGHES, KINETROL, KNAUER, KNOLL Maschinenbau, KOLBUS, KOMORI, KONE, KONECRANES, KONICS, KRACHT, Kraus & Naimer, KREISEL, KROHNE, KSB pumps, KÜBLER.

L

LAMBRECHT meteo, LEINE & LINDE, LEISTER, LEISTRITIZ rotary screw pumps, Lenze, Leuze electronic, LIEBHERR, LISTER PETTER, LMT TOOLS FETTE, LOWARA, a xylem Brand.

M

MAHLE, MAICO, maier heidenheim, MAN, MAN B&W, MANGACHOC, MANNESMANN, MBO Maschinenbau Oppenweiler Binder, MEGGIT, METAL WORK, microsonic, MOLL BATTERIE, MTS Sensors, MÜLLER-MARTINI, MURR ELEKTRONIK, MWM.

N

NORD Drivesystems, NUOVA FIMA, NWS, General Cable.

O

oerlikon, Oerlikon Neumag, OMEGA Italy, OMRON, OSRAM.

P

palamides, Parker, PENTAIR, PEPPERL+FUCHS, PESSA Impianti, Pfeiffer Chemie, Pfister, PHILIPS, pilz, PLYMOVENT, POCLAIN, POLAR-Mohr, procof, PROCOM, Pro-Minent, PULSOTRONIC.

R

R&V Engineering, Rodenhuis & Verloop, RADIOMETER, Ram Power, Raytheon Anschütz, Reca - Cavagna Group, REINTJES, RENK MAN, Rexroth Bosch Group, RIETER, RIFOX Thermax Group, RINGSPANN, Rolls-Royce, röslau stahldraht, Rossi Habasit Group, ROTAREX SRG.

S

SAMSON, SCHAEFER, SCHAFFRAN PROPELLER, SCHENCK RoTec, SCHMERSAL, SCHNEEBERGER Lineartechnik, Schneider Electric, SCHOTTEL, SEMIKRON, SENSOPART, SEW EURODRIVE, SIEMENS, SIEMENS FLENDER, Simplex, SKF, SMITSONK, DURAG GROUP, smt, schleifstein, soyer, SPERRE, Springer Pinsel, SPX FLOW, Standardgraph, Steinemann Graphic, STENFLEX, Sulzer Friction Systems.

T

technotrans, Telemecanique | Sensors, TEMPCO, THEISEN & BONITZ, TKM, TOSCA Italy, TRACO POWER, TURK.

U
